

"Advocacy-Making an Impact"

**MICHIGAN
OCCUPATIONAL THERAPY
ANNUAL CONFERENCE
@ The Lansing Convention Center**

**October 9th – 12th
The Lansing Convention Center
333 E. Michigan Ave.
Lansing, MI 48933**

MIOTA

124 W. Allegan, Suite 1900
Lansing, MI 48933

TO:

KEY NOTE SPEAKER

Saturday, October 11th

Time: 8:00-9:30am

Featuring: Sara Jane Crowley,
Adv.DIP.OT, OTRL, AOTA RA Representative
- Florida

Sara-Jane received her occupational therapy education in New Zealand. She has practiced in the area of physical disabilities for the past 30 years. Currently, she is the Lead occupational therapist at Englewood Community Hospital in Florida. Her area of clinical practice focuses on outpatient upper extremity rehabilitation. Today, she is responsible for the provision of occupational therapy services to persons who have shoulder fractures, total and reverse total shoulder replacement and rotator cuff injuries and repair. Her leadership journey began in New Zealand shortly after graduating. Working in the area of traumatic brain injury (acute care to community reintegration), she was a founding member of the local Head Injury Society. Her involvement as a Council delegate, Secretary and as President of the New Zealand Head Injury Society developed both leadership and advocacy skills within the head injury community. She was active within the New Zealand Occupational Therapy Association as the President of the Wellington chapter. Sara-Jane with her husband Mike moved to the USA in 1992. In 1994, Charlotte was born and the family moved to Florida. Joining FOTA in 2001 and getting involved as an elected leader soon after as Vice President allowed her to continue to build leadership skills. She was elected FOTA President in 2007 at a time when FOTA was in crisis due to poor external management, low finances and low membership. Building an effective team, leadership to implement change and utilizing expertise from mentors were her signature and led to FOTA with a strong virtual office, engaged volunteers, an increased membership and a solid financial base at the completion of her term in 2011. That same year, she received the FOTA Louise Samson Leadership Award. Her leadership roles continue as the Florida Representative to the AOTA Representative Assembly and this year she was re-elected for a 2nd term.

Key Note Address

Saturday, October 11, 2014

Time: 12:30pm – 1:30pm

Featuring: Lt. Governor Brian Calley

On New Year's Day 2011, Brian Calley was sworn in as America's youngest lieutenant governor. In partnership with Governor Snyder, he pledged to chart a new course to Michigan's future. From the beginning, Brian viewed the role of lieutenant governor to be much more than a dusty old ceremonial position. He is working to transform a broken political culture into one that produces real solutions to Michigan's greatest challenges. As lieutenant governor, Brian guided a historic tax overhaul through the Legislature, breaking the pervasive gridlock that for too long blocked needed reforms. Throughout Michigan and across America, Lieutenant Governor Calley has been recognized as a bold leader for a new generation. His willingness to stand up for real people, from small business owners to families dealing with autism, has made Michigan stronger. Before he accepted the responsibility of building a stronger state, Brian was building a stronger local community. He spent a decade in the private sector working as a community banker. In that role, he helped hundreds of entrepreneurs in dozens of industries grow or maintain Michigan-based jobs and operations. As an Ionia County commissioner, Calley advocated for transparency and accountability. Voters sent Brian to the Capitol in 2007 as their state representative where he quickly developed a reputation as a leader who is unafraid of reaching across the aisle. During his tenure, Brian became a resource for Republicans and Democrats alike on tax issues and served as the ranking Republican on the House Tax Policy Committee. Brian has been named one of the "Ten Outstanding Young Americans" by the United States Junior Chamber and one of Crain's Detroit Business's "40 under 40." Other honors include the Small Business Association of Michigan's "Legislator of the Year" and Portland's "Outstanding Citizen of the Year." Born in 1977, Lieutenant Governor Calley is a lifelong Michigander. He graduated from Ionia High School and earned a bachelor's degree from Michigan State and an MBA from Grand Valley. He and his wife Julie have been married since 1996 and live in Portland with their three young children.

Advocacy Event at the Capital
Thursday October 09, 2014
Time: 1:30pm – 4:30pm

Topics to be discussed:

- ✚ **OT Scope of practice/ awareness**
- ✚ **Mental health**
- ✚ **Autism bill**

Led by Laura Robinson (Mills) and Brett Mar

reserve your seat.

“Friends of OT in Michigan”

A Political Action Committee

The Political Action Committee for Michigan called “Friends of OT in Michigan” was reactivated on June 30th, 2014. Since then the Friends of OT have raised \$2,340 through donations and the Silent Auction at last year’s annual MiOTA Conference! Please consider donating in order to advance our “voice” within the state of Michigan especially during these changing times of health care reform. No donation is too small (even students are contributors). Please consider donating in the following ways..... • Contributing as a first time contributor • Renewing your support as we enter the fall election season • Raising your level support so we have more influence in the Michigan legislature • Participating in the Silent Auction at Fall Conference in Lansing Consider donating items for the Silent Auction at this year’s annual MiOTA conference: o time shares o skis o simple ball point pen o bottle of wine with a very interesting name o handmade stained glass hanging o handmade American Girl doll dress o homegrown alpaca wool o handmade woven scarf o blown glass pumpkin o handmade chocolate covered Oreos o sporting event tickets o gift cards o golf packages o autographed items o etc..... Send in your contribution and the “Contributors’ Form” to: Debra Lindstrom & Jackie West-Frasier Send in your contribution to the and the Contributors’ Form to:

Friday, October 10th
Time: 8:00am – 5:00 pm

Practical Assessment and
Treatment of Torticollis
Featuring: Anne Pleva, PT, PCS

Anne graduated from Marquette University with a bachelor degree in Physical Therapy in 1993. She became a Pediatric Certified Specialist through the American Physical Therapy Association Board of Physical Therapy Specialties in 2006. She developed and has taught a course on the evaluation and treatment of Torticollis since 2008. Currently, Anne is the director of therapies at New Berlin Therapies, is a lab supervisor in the physical therapy program at Marquette University and is working toward her DPT through the University of Texas Medical Branch.

Course description: This one-day course is a discussion of current evaluation and treatment of infant Torticollis. It is designed for Physical and Occupational Therapists and Assistants. Emphasis is on a problem solving approach to develop individualized treatment plans for each unique child. The course also includes discussion on research, anatomy and normal development.

The lecture will cover:

- ♦ **Etiology**
 - ♦ **Brief review of underlying anatomy and kinesiology**
 - ♦ **Review of normal development as related to Torticollis and as assessment**
 - ♦ **Literature review**
 - ♦ **Evaluation and treatment, emphasizing and individualized problem-solving approach**
 - ♦ **Discussion of specific cases, as time allows**
- Please bring a doll that is at least 18-24 inches long. You will use these dolls for parent training and will be encouraged to use them in your practice.**

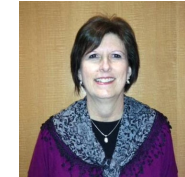

**Pre Conference
Institute 2**

**Friday, October 10th
Time: 7:30am – 4:00pm**

Rehabilitation Management

Cathleen Johnson , MS, TRS, OTRL is a Division Rehabilitation Director for HCR Manor Care in which she provides operational and clinical oversight for post-acute rehab settings in multiple states. Additionally she has been appointed Clinical Rehabilitation Consultant for the corporation providing oversight to the OT practice within all SNF settings. Cathleen has 20 plus years of experience in healthcare and has worked in psychiatry, chemical dependency, physical rehabilitation, school therapy settings as well as long term care. Her clinical areas of expertise include wellness program design and implementation, assessment tools, urinary incontinence treatment, dementia intervention including Spaced Retrieval, Allen Cognitive theory and group therapy. She has presented at National and State conferences for both Occupational Therapy and Therapeutic Recreation organizations. She is the co-owner of the training company, Therapists Training Therapists and has trained thousands of clinicians nationwide.

Marianne Hassan, MA, OTRL received her BS from Wayne State University and her MA from Sienna Heights. She has been in long term care since 1984 and is currently the Vice of Operations at Concept Rehab, Inc. (CRI). CRI is a therapy company serving Michigan, Ohio, Indiana and Kentucky and is based in Toledo, Ohio. As Vice President at Concept Rehab, she is responsible for all CRI operations. She is also an adjunct faculty member at the University of Toledo, and has provided education and guest lectures to the students at the University of Findlay Occupational Therapy Program, Owens Community College and Eastern Michigan University. Currently Marianne is working with AOTA as a Midwest regional trainer for the new Fieldwork Education Certificate being offered by AOTA for Occupational Therapists.

Session #1: Patient Centered Care: Occupation & Evidence Based (3 contact hours). This didactic and experiential session will provide the occupational therapy manager with a thorough review of the elements of what drives patient centered care. Occupation based assessment and treatment practices are key elements when leading a patient centered care milieu within a rehabilitation department. Occupational therapy has an important role in the new world of health care. Additionally, the importance of infusing energy in rehab departments to practice from an evidence based perspective will be discussed, leading all three disciplines to evidence based practices will be reviewed. OT has an important role in the ever changing health care arena this 3 hour workshop will energize the leader in you to raise the bar for health care practices in the rehabilitation realm.

Session #2 Managing the Three D's of the Rehabilitation Department: Documentation, Delegation and Delivery of Care - (1.5 contact hour). This session will provide an opportunity for rehab managers to identify the important focus of their job is to ensure their clinicians are able to focus on the services that are unique and can only be provided by their profession(s). The session will guide rehab managers in identifying successful strategies for facilitating quality documentation practices through point of service opportunities as well as review the essential characteristics of sound documentation practices that include elements of medical necessity and skilled services.
